

The Homemaker's Building and Loan Association

There are few things in this world which give one a more comfortable feeling than knowing that you don't owe any one anything, and have some money ahead for time of need.

As a Saving or Investment Proposition this Association offers a most attractive opportunity.

A high degree of safety, a rate of interest above that which banks can afford to pay, and the consciousness that every dollar entrusted to The Homemakers Building and Loan Association will be put to work at once in helping people of limited means to secure suitable homes, are factors which should appeal to many.
