GENEAL COMPLAINTS.

AS Dr. WARNER's practice has been very extensive both in public and private, daily experience convinces him of the propriety of his method of removing the venereal disease, in preference to any medicine vended or known in Baltimore. He has removed the most desperate cases with care and dispatch, after the failure of some of the ablest physicians both in Europe and America. Complaints of the various passages and debility thereof, from various causes, and accidents, removed in the shortest possible space of time. As there are persons from various causes cannot personally apply, it may be necessary to inform them, they may be relieved from a description of their complaint. Dr. W. warrants a cure in all cases. Masters of vessels and travellers may have their medicine so prepared that a safe, effectual and expeditious cure may be effected, without the least restriction in drink or diet. N. B. Dr. Warner has removed from Bond-street, to Camberland Row, No. 64, below the Marsh-market. O. P. 14. d1v

A SQUARE of the city, situated on the south side of the harbor, lying between opposite Calvert-street to South-street, and between the streets Nos. 28, 30, 32, 34, 36 and 38, bounded on the west by William-street, on the south by Hughes-street, on the east by Johnson-street, and on the north by the waters of the basin: the same being five water lots, making on the basin 330 feet from William-street to Johnson-street, and 530 feet from Hughes-street to the limitations of the port warden, which five lots when improved will make four acres. The improvements are a small wharf which has been a ship-yard: a convenient well finished two-story brick house: a large shed which has been a distillery, with a well ten feet diameter of excellent water, a pump, &c. fitted to the distillery. This is the square which is contemplated to be the place for building the additional house for the inspection of tobacco, and is admirably situated for the purpose, as it lies on the channel or deepest part of the basin. There is an abundance of dirt handy for improving building sand, pure water, and a healthy situation. Also, one other piece of property, being the centre of Federal Hill, lying on the basin, from the glass-house upwards, 1684 feet on deep water. This property has three fronts, and will make at once, when improved, to the limitations of the warden. Also, one Land-Lot, lying within the observatory fence, on which the flag staffs are planted, being 107 feet by 165 feet, fronting on three streets, and is without doubt one of the handsomest situations in the United States, commanding a full view of the city, suburbs, country seats, river and bay. Under all these advantages, this property, in fact, will be sold cheaply and an indisputable title given by CHAS. FORTNER HUGHES. February 22. w-8t
