Abner Tucker

Respectfully informs the Ladies and Gentlemen of Baltimore, that he has brought with him A MODEL IN WOOD, OF THE ANCIENT CITY OF JERUSALEM. THIS ingenious piece of mechanism, so universally admired by every person who has seen and heard it explained, is laid out on a scale of sixteen by nine feet. The LECTURE upon it is long, and calculated to impress the mind with a solemn awe of the Deity, while we see before our eyes the trial and crucifixion of our Divine Saviour.

AN ACT

Granting additional compensation to the Harbor Master of the port of Baltimore. Whereas it is represented to this General Assembly, that the compensation now granted to the Harbor Master of the Port of Baltimore is an insufficient remuneration for his attention, and services in that capacity; and whereas it is reasonable that foreign vessels coming into said port for the purpose of commerce, should contribute their proportion of an additional allowance in conformity to the usage of our sister states and foreign nations.

French Night School

NOTICE is hereby given, that I the subscriber, Teacher and Translator of the French & English Tongues, have resumed the FRENCH NIGHT SCHOOL in my common dwelling, between Light-street and Charles-street; but as to promise to do wonders in behalf of my pupils—I have no need, it suffices to tell them that no language can be learned without grammatical rules, even as far as translation; the master and scholars must take a great deal of pains; also, that every person is not capable to learn a foreign language. Those impartial judges who know me will certainly agree, that after having taught the French language to the most respected Ladies & Gentlemen of America, during more than 45 years; I ought to be a competent judge. I would advise those promising youths who will favor me with encouragement, to apply as soon as possible, so that they may get some benefit of their studies by the 15th of March.

Two Dromedaries

THESE are the first of the species ever imported into this country. The value of them is such, that the Arabian, possessed of his Dromedary, has nothing either to want or to fear. They will travel at the rate of a hundred miles in a day, 5 or 6 days together, without either eating or drinking. They are part like the horse, cow, sheep, and the rabbit, and are the most docile animal in the world. They kneel down, take on their load, and wait the pleasure of their keeper to rise. They arrive at their full growth at 6 years old, which is about 20 hands high, and live to the age of 40 or 50 years. The oldest of the above is forty years, and the youngest 17 months.

Her head and face flat, the latter of which, when she is at work, she is in the habit of twisting in a variety of ugly shapes. She took with her, a dark calico gown, and several cotton striped dresses, and a Leghorn bonnet trim'd with black.

TEN DOLLARS

Will be paid by the subscriber, if said run-away is secured so as he can get her again. W. PECHIN.
