The Public

ARE respectfully informed, that there will be opened **THIS DAY**, the 15th May, the *Union Cheap Bread Manufactory*, No. 52, North Howard-street, three doors north of Lexington-street, near the market, by **WM. LOVELL**, who has built two large ovens, where is sold, sound baked English bread, of the finest quality, on such terms never before offered in this city, and in order that the laboring men or those whose families or circumstances will not allow them to buy flour or large quantities of bread, can be supplied on as good terms as the opulent merchant, by the advertiser, who sells 24 pounds of sound baked bread for 5 cents, 3 ounces for 10 cents, and 6 pounds for 20 cents, that being cheaper than is possible for any family to bake it, allowing that servant's time, yeast and salt cost nothing, which never would be done by any family, could they be supplied with that useful article of a superior quality baked on the hearth of the oven. It is too general in this place for bread to be raised by art and baked on tins, which must be eaten the same day, as it gets harsh and stale in twelve hours. It is allowed by physicians of the first eminence in London, to be unwholesome, and must be allowed by the ladies and gentlemen generally to be unprofitable, for example let 6 persons for 7 days use small loaves, such as are generally sold here, five for 25 cents, then let the same number use six-pound loaves baked one day, they will find a saving of one fourth; this kind of bread will keep 6 days if kept in an earthen pan, in a cold dry place, being free from all kind of adulteration.

Is baked, bread made of half Rye and half superfine Flour, large in proportion.

Any person wishing not to be troubled with baking may by sending their flour receive an equal weight in English bread, free of any charge for baking: superfine flour sold at 4 cents a pound. Taverns, boarding houses, schools, and large institutions, will find their interest in buying this kind of bread, in preference to baking themselves. Families supplied in any part of the city and suburbs. The above prices are cash, except where stated credits are agreed on, and those must be regular as the profits are small.

A regular supply of Biscuits and Crackers will be kept in a few days from this date.

A-Reward

Of an engraved plate for forging pit checks, and the price of a newspaper.

WILLIAM INGERIM, an apprentice to the subscriber, ran away on Wednesday last. He for two years past served the American in one portion of the city. He is about 17 years of age; well set; his height about 5 feet; his complexion somewhat sallow with a ruddy mixture; his hair dark colored and short. His features may be termed comely; but much injured by a hide look, which makes him rather incline to down than shew his face. His clothes are better than he deserves; he has a light brown coat, of fine cloth. The valuable convenience for insuring a cheap admission into the Theatre, offered as a reward, may be viewed as the handy work of INGERIM, and if patented might be very productive. At least it exhibits a proof of his ingenuity, and offers a handsome complement to the morals of the runaway inventor.

All persons are cautioned against harbouring or carrying off said boy, at their peril.

And further, after the insolvent act was passed in his favor, he shewed no disposition to use it to our injury, but made us, his creditors such liberal propositions as to convince us of his correct intentions towards us.

For Sale,

A very valuable **TRACT OF LAND**, in Baltimore county, within 11 1-2 miles of the city of Baltimore, containing 640 acres, seated on a branch of Middle River, which empties into, and is within about 5 miles of the Chesapeake Bay. There are about 40 acres of this land cleared, the residue, about 600 acres, abounds with valuable timber, calculated for every useful purpose, such as ship-building, staves, &c. The soil is calculated to raise every species of country produce, but it is more particularly adapted for an extensive grazing farm, as more than one half may be made choice meadows. The river, on which this land is seated, is navigable for vessels drawing about 8 feet water; and abounds with the best fish, with which our markets are supplied, and there is not perhaps, at this time, a tract of land offered for sale in the state, that enjoys more real advantages than this; its contiguity to the City of Baltimore, which is considered the best market on the continent, and the advantage of water carriage for ship timber, staves, tan-bark and fire wood, which is always in demand, and bears a flattering price, are objects worthy the attention of any person wanting to purchase such a plate. A part of the purchase money will be required down, and a pleasing credit given for the balance. For further particulars apply in Baltimore, to
